

Mexico Line Card

We take plastics **personally.**

M. Holland provides a full range of products, services and support across the globe. We offer full-service distribution and technical service capabilities throughout Latin America, and export to more than 44 countries. Our expertise in international logistics and trade compliance mean that we can remove barriers to commerce so our partners can focus on their core business.

To learn more about what M. Holland can do for you, visit mholland.com or call **+52 55 8995 2440**.
